CAMP DIRECTOR'S WELCOME

Dear Friend in Scouting,

Welcome to Camp Daniel Boone, a place where Scouts from all over the United States and the World, come together in the name of Scouting. We can't wait to welcome your Troop to our little slice of paradise, nestled in the heart of Western North Carolina. We are prepared with a safe, fun, outdoor environment that will create a backdrop to many memories and learned skills for your scouts. Did you know that Camp Daniel Boone is the highest elevation Scout camp East of the Mississippi?

From the 6,000-foot summit of Cold Mountain to the tumbling Little East Fork River that flows through camp, CDB abounds with Scouting program adventure! Our Staff are eager and ready to ensure your Summer Camp experiance exceeds expectations and leaves you longing for more each day!

Whether you're coming for our robust merit badge programming on Base Camp, with over 60+ merit badges, Boonesboro Village, or our High Adventure program opportunities, we promise the adventure of a lifetime! Spend time on the Rock, Fishing in Lake Allen, Whitewater Rafting, playing Ultimate Frisbee or Volleyball, the options are bountiful at Camp Daniel Boone.

Adult Leaders have an equal variety of programming to entertain themselves with: Specialized Trainings, Dutch Oven Cookoff, and the always competitive Scoutmaster Golf Tournament. I know you will enjoy the cool summertime temperatures and quiet starlit nights around the campfire with your Scouts.

For over 85 years, we've provided Scouting's Promise of Adventure and we can't wait to welcome you to the Camp Daniel Boone family! Thank you for choosing Camp Daniel Boone, the Staff and I can't wait to see you on the headwaters of the Little East Fork soon!

Troop Discipline and Adult Supervision

The primary responsibility of the Camp Staff at Camp Daniel Boone is implementing a safe, fun, and memorable program experience for all Camp Daniel Boone youth and adult participants. As with any Scouting activity, it is the role of the unit's Adult Leadership to take responsibility for their scouts' behavior.

Please help us provide the best program possible by watching your scouts and helping with any disciplinary issues that may occur.

Should a conflict arise, whether in your own unit or with another unit, Camp Daniel Boone asks that adult leadership of take an active role in mediating and resolving the issue in a way that follows the Guide to Safe Scouting, Scout Oath, and Scout Law. Camp Daniel Boone Management is always happy to help resolve issues, but we expect the Adult Leadership of the involved units to have made a reasonable effort to resolve the problem at the unit level first.

Any violation of Safeguarding Youth Policies and Scoutings Barriers to Abuse must be reported to the Camp Director Immediately.

NATIONAL RULES AND GUIDELINES

SCOUTING'S BARRIERS TO ABUSE: Scouting America has adopted the following policies for the safety and well-being of its members. These policies primarily protect youth members; however, they also serve to protect adult leaders. All parents and caregivers should understand that our leaders are to abide by these safeguards. Parents and youth are strongly encouraged to use these safeguards outside the Scouting program. Registered leaders must follow these guidelines with all Scouting youth outside of Scouting activities.

Where separate accommodations cannot be provided due to group size or limited availability, modifications may be made. Where completely separate accommodations are not available, additional supervision is required. HEALTH AND SAFETY PROCEDURES

ANNUAL HEALTH AND MEDICAL REVIEW (HEALTH FORM)

Every youth and adult must have completed current Scouting America Health Form signed by a physician within the past 12 months, regardless of program (Parts A, B & C). The date of the physician signature is valid until the last day of the expiring month. Example: your physical is dated 6/12/2026 and is valid until 6/30/2027. However, it would not be acceptable for summer camp if attending in July.

This form may be found at: https://www.scouting.org/health-and-safety/ahmr/ and is listed on the Camp Resources page on the Camp Daniel Boone website.

No other medical forms are accepted, including sports physicals. All medical forms are turned in upon arrival at camp and maintained at the health lodge during your stay. Any issues with medical forms will be communicated to the unit on Monday so that resolution is accomplished by Wednesday. Any discrepancy must be resolved within 72 hours of arrival. It is the unit's responsibility to pick up medical forms as you leave camp.

Make sure that the form is filled out completely- Please attach copies of insurance cards and dates of immunizations.
HIGH ADVENTURE PARTICIPANTS need to bring two copies of their health form.

Medications are to be kept by the unit leader in a locked storage container. The health lodge has boxes and locks available for weekly use if needed. Refrigerated medications can be left with the health officer and administered by the camp health lodge staff, if needed.

CAMP DANIEL BOONE MEDICAL PROTOCOLS

It is CRITICALLY inmporatant to work together to keep camp a safe and healthy place. Your cooperation in all levels of health and safety protocols is essential to our combined success. Camps have been at war with communicable diseases since the beginning of camps.

PREVENTATIVE STRATEGIES:

- Stay home if you are sick to avoid the spread of (any) germs
- Wash your hands regularly (before eating, after personal care, etc.)
- Maintain appropriate personal space from others

PRE-CAMP HEALTH MONITORING: Units monitor health for minimally 72 hours before arriving at camp for these symptoms:

- Fever over 99.5
- Cough
- Unusual Fatigue
- Difficulty Breathing
- Chills
- New Loss of Taste or Smell
- Muscle Aches
- Sore Throat
- Persistant Headache
- Vomitting
- Diarrehea
- Positive COVID-19 Diagnosis
- Recent Exposure to any communicable disease

IN CAMP HEALTH PROTOCOLS

Upon arrival at Camp Daniel Boone, the unit health review will include medical forms and general observations of each camper. Anyone showing symptoms above will be pulled aside for further assessment (have temps taken and potentially isolated to monitor for further action).

The Health Lodge is staffed 24/7 with experienced and dedicated health care professionals.

Encourage anyone during camp showing any of the above symptoms to visit the health lodge and notify camp management immediately. 2 or more cases of anything communicable is considered significant and we will notify our council medical supervisors and the health department.

COVID: Management of Presentation

- Isolation on presentation of symptoms, conduct rapid testing.
- Any positive test result will be dismissed from camp as soon as possible.
- We will notify unit leaders and units sharing their campsites to alert to possible close exposure.

NOROVIRUS: Management of Presentation

- Treat symptoms and isolate individual to determine cause of symptoms. If consistent with Norovirus, the person will exit camp.
- If more than one person within a unit:
  - Isolate the unit in their campsite while non symptomatic campers prepare the group to leave.
  - Implement deep cleaning protocols of all campsite latrines, shower houses and bathrooms, program areas and central areas.
  - Call Council Health Supervisor and Haywood Health Dept.
- If more than 2 campers from different units:
  - The entire camp will be on lockdown with campers sent to campsites.
  - Continue cleaning protocols while non-symptomatic people (staff and adult volunteers) will assist in food delivery to campsites as needed.
  - Health Department guidance at that time will dictate at what moment we close camp and send everyone home if that becomes necessary.
- If closedown is necessary:
  - Deep cleaning protocols continue while we wait at least one 48-hour cycle to assure no symptomatic people arise from staff.
  - 48 consecutive hours with no presenting symptoms is the deciding factor of when camp can be open again with approval from our medical team and the health department. (The Health Dept may ask for two consecutive 48-hour cycles.)

POST CAMP PROTOCOLS

Units are asked to notify camp management if they get home and people develop symptoms of a communicable disease.

PREPARING FOR SUMMER CAMP

If your troop is associated with a Cub Scout Pack, it is important that you always maintain a healthy relationship with that pack. To make sure that Arrow of Light Scouts who will be crossing over have the opportunity to attend summer camp, your troop should begin talking with them about the adventure well in advance of summer camp. It is of value to have your Senior Patrol Leader and some Scouts attend a den meeting or two to teach a skill and talk up Scouts BSA and summer camp. Send a special invitation to every graduating Arrow of Light Scout inviting them to attend summer camp with your troop.

SUMMER CAMP MEETING

Many troops have a special summer camp meeting each spring for the benefit of the Scouts and their parents. Invite Webelos who will be crossing over to attend. The purpose and scope of these meetings will vary from unit to unit. Some meeting activities could include:

- Travel plans
- Collection of health forms & camp fees
- Merit badge selections
- Distribution of contact information
- Having a Q&A session for parents and Scouts

PROVISIONAL CAMPERS

WELCOME TO TROOP 414

CAMP DANIEL BOONE'S PROVISIONAL CAMPER PROGRAM!

The Provisional Camper Program for our Base Camp operations will be offered during **Week 4 and Week 5** of our 2027 Summer Camp Season and led by a team of Provisional Scoutmasters serving on the Camp Daniel Boone Staff.

Provisional Campers are those who cannot attend summer camp with their Home Troop and still want to go to summer camp, or Campers who want to attend an additional week(s) of Camp at Camp Daniel Boone.

Your Provisional Scout(s) will make new friends from all over the Country, learn new skills, embark on a new adventure, and more with Troop 414! We do recommend that your provisional camper has at least 1 long-term camp experience before registering.

Below is the information needed to register as a Provisional Camper.

- *Before* registering for the Provisional Camper Program, please contact the Camp Director via email at Jacob.Whitlow@scouting.org. We ask that you don't self-register as we will happily help you get registered in the Councilware system.
- **Base Camp Provisional Youth Fee:** $490
- **Base Camp Provisional Adult Fee:** $275
- **High Adventure Provisional Youth & Adult Fee:** $$ Program Fee (available all summer)
- Provisional Campers will have full access to the Program offerings at Camp Daniel Boone, including High Adventure and Boonesboro Village.
- Registered Adults are welcome to join Troop 414 alongside their Scout. Female participants **must** bring a female leader.
- Provisional Camping is a great opportunity for your Scout(s) to learn from other Scouts and bring those ideas back home!
- Unfortunately, Provisional Campers are unable to participate in Day Rafting Trips unless individual travel arrangements can be made at Parent/Guardian expense.

CAMPSITE COOKING

On Thursday nights all troops will be strongly encouraged to cook in their campsites as part of the Scouting learning experience. There is nothing like quality Troop time, cooking a delicious meal, working on rank advancement, and sharing the memories of the week than on Thursday night at Camp Daniel Boone. Scoutmasters will be asked for troop dining information by Tuesday at 6 p.m, and information will be presented at the Daily Leaders Meeting by our Dining Hall Manager.

We will provide all the food and condiments needed, as well as cooking pots, plates, cups, and silverware. The meal will be jambalaya and S'mores. Units can cook on the open fire or bring their own stove. If you want to add to this meal or cook it using a different method, please make sure to bring the proper cooking equipment and extras to add. Firewood will be available throughout camp for units to use for building their fire.

SPECIAL DIETS

The menu at Camp Daniel Boone is primarily high calorie-high carbohydrates, so not the place to start a diet! CDB food service is only able to fulfill special dietary requests for gluten-free, vegetarian and/or faith-based diets. **Individuals with special dietary needs have the option to bring their own snacks/meals with them to Camp to supplement our menu. These specialty foods can be stored and prepared in the special diet room of the Dining Hall. Please let the kitchen staff know your plans by emailing specialneeds4cdb@gmail.com.** Be sure to include your troop number and week attending. Once summer camp begins, please call the main camp number, and leave a message in order that someone on the DH staff can call you back in a timely fashion. **Please fill out the Special Diet form on the Camp Resources Page as well.**

A word about Peanuts: Camp Daniel Boone does not serve peanuts as part of the regular menu. However, that does not mean there will not be nuts in certain items at camp, such as prepackaged cookies, ice cream flavors as well as other items sold in the trading post. Additionally, individually wrapped peanut butter and jelly sandwiches will be available to Scouts during mealtimes in the dining hall. We will gladly check labels as needed and encourage your Scout to do the same. Please encourage your Scout to take personal responsibility for checking labels and making safe food choices.

SPECIAL ACCOMODATIONS

SPECIAL NEEDS

Camp Daniel Boone works to accommodate participants with Special needs in a variety of ways. IF YOU NEED TO REQUEST SPECIAL ACCOMMODATIONS OF ANY KIND, please communicate directly with camp management well before your arrival**. This includes conversations regarding CPAP batteries, mobility in camp, special assistance for specific scouts, and dietary concerns. Email Jacob.Whitlow@scouting.org for these requests.**

CHECK OUT PROCEDURES

All advancement information will be given to the Scoutmaster at Friday night's leaders' meeting in the dining hall. In addition to advancement, unit leaders will also receive undelivered mail, non-refrigerated medications, medical forms, Camp Daniel Boone patches and any unit pictures that were purchased. Any items still in lost and found will be delivered to the dining hall at this time, and unit leaders are encouraged to look for anything that may belong to their troop.

Each area director is present at this meeting to answer any questions concerning a Scout's advancement. It is the responsibility of the unit leader to ensure their units' advancement records have been received and are complete and accurate. It is much easier to deal with a discrepancy at this time, while all parties are together. Units will also have access to their merit badge records after leaving summer camp, which can be accessed by logging into your unit's Councilware account.

On Saturday morning, a hot, TO GO, breakfast is served from 5:30 – 8:30AM under the tent in front of the dining hall. Breakfast includes 1 Bojangles Sausage biscuit, juice, or milk for each camper. Egg biscuits are available for vegetarian campers, and cereal is available for gluten-free campers.

Troops will be able to pick their check out time starting on Thursday morning, after the leaders meeting at 9:15 am. Your campsite inspector will arrive at your campsite approximately 30 minutes before your chosen time. Any new damages to camp equipment or facilities will be reported to the Camp Ranger for assessment and must be paid for before the unit leaves. See page 23 for more information.

All equipment must be checked back in with the quartermaster by 5 pm on Friday prior to your departure. The camp site should be cleaned and ready for the next troop to occupy.

Unit Leaders should pick up any refrigerated medications before leaving Saturday morning. All troops should be out of camp by 9:00 A.M. The Trading Post will be open until 9:00 AM for any last-minute needs.

Each Scout and Unit is responsible for taking care of camp equipment that has been assigned for their use. **Any damages that occur during your troop's stay will be assessed by the Camp Ranger and must be paid for, or arrangements to pay must be made, before the unit leaves camp.** Damage could include breaking or losing equipment, defacing tables, latrines, and buildings, cutting or tearing canvas. COLD MOUNTAIN CHALLENGE

On Friday afternoon, each troop will participate in the Cold Mountain Challenge: a camp-wide competition in which each troop will be put to the test by assessing their endurance and scout skills through a series of challenges that will take them from one end of camp to the other in a grueling, unforgiving race. All troops will start… but will yours have what it takes to finish?

FACILITIES FAQ'S

1. How is CDB organized for campsites?

CDB has 21 campsites that vary in size. The smallest campsite holds 18 and the largest holds 120.

2. How big are the tents and cabins?

Tents are on 9ft x 7ft platforms and hold two cots inside. Adirondacks (no door) hold up to three sets of bunkbeds. Cabins (with doors) hold two sets of bunk beds. Mats are provided in summer only.

3. Do all campsites have both Tents and Adirondacks?

9 of the campsites have tents only. The rest are a combination of tents and Adirondacks or cabins.

4. Can we bring our own tents?

Yes. Be advised most campsites do not have a lot of open space for additional tents.

5. Can we bring hammocks?

Certainly! Here are the guidelines: Hammocks cannot be placed more than 3 ft above the ground and there is NO double stacking. **DO NOT hang a hammock inside a tent, cabin, or adirondack.** (Those few who have tried have bought a tent!)

6. What else is in a campsite?

Each campsite has at least one covered shelter with two picnic tables, a fire ring, a flagpole, a bulletin board, and is near a drop latrine with two individual stalls.

7. Do the campsites have electricity?

No. There is power at the shower houses, at the office and at program areas where you can charge phones or other batteries. Generators are not allowed in the Campsite areas.

8. If no electricity, what about CPAP Machines?

CDB has 6 batteries that can support CPAP machines. Units can reserve a battery in advance by emailing Jacob.Whitlow@scouting.org. Batteries are offered in a first come first serve basis determined by the date of the email. You will be given the battery at the beginning of the week and expected to take it to a program area, as needed, for charging. Typically, these batteries support two full nights of the machine if they are not also used for other things (cell phones, etc). **Be advised that this battery will not support a machine with the humidifier on for the full night.** If you bring your own battery, feel free to take it to a program area for charging as needed.

9. Does our unit get a campsite to themselves?

Because of typically high enrollment, most units share a campsite with another unit.

10. How is unit placement decided?

The commissioning staff sets camp the week before you arrive. The largest units are placed first and then we fill in as needed.

11. What if we have requested a specific site?

The commissioners make every effort to accommodate your request. We cannot promise, but we try.

12. Are some campsites better than others?

Each campsite has its own special quality. Some are closer to the parade field and program areas but require climbing a set of steps to get there. Some farther away along river road have a flat walk and the natural noise of the creek, which makes for the most excellent sleeping. Some have more tree cover, while others have a great view of the sunrise.

If your units have a preference of features, please let us know! We make every effort to accommodate requests. We can not promise, but we do try.

14. How do we find out our campsite assignment?

We will email the campsite set sheet by Thursday night of the week before you arrive to the primary contact in your account.

15. How spread out is camp?

All campsites will require a bit of walking. The farthest campsites are a 10-15 minute walk to the parade field. The closest campsites include a flight of stairs to get to them.

16. Why can't we drive our trailers into camp on Sunday?

Those unfamiliar with the layout of camp can get caught in a bind quickly. We pull your trailers in and set them in the best spot for that campsite. You can pull them out when you leave.

17. How far away is the High Adventure Base?

You pass the high adventure base on the left as you drive into camp about ½ mile before the CDB sign. Scouts may not walk back and forth between the two locations.

18. Where is Boonesboro?

Boonesboro is located on base camp property almost directly above the campfire ring.

19. Where are the bathrooms in camp?

Most of our bathroom facilities are individual stalls, including the Bathrooms behind the pavilion and office in main camp. There are also bathrooms in the dining hall for adults.
There is a building of flush toilets above the Green shower house, and Brown shower house also has individual bathrooms. There are drop latrines near every campsite, and porta-potties around the program areas of camp.

20. What about the showers?

There are three shower houses – one at Arrowhead (shared with Boonesboro Village), and the other two located in central areas of the campsites. Each shower is an individual stall with a locking door. Campers enter fully dressed and exit fully dressed.

21. Where can I drive in camp?

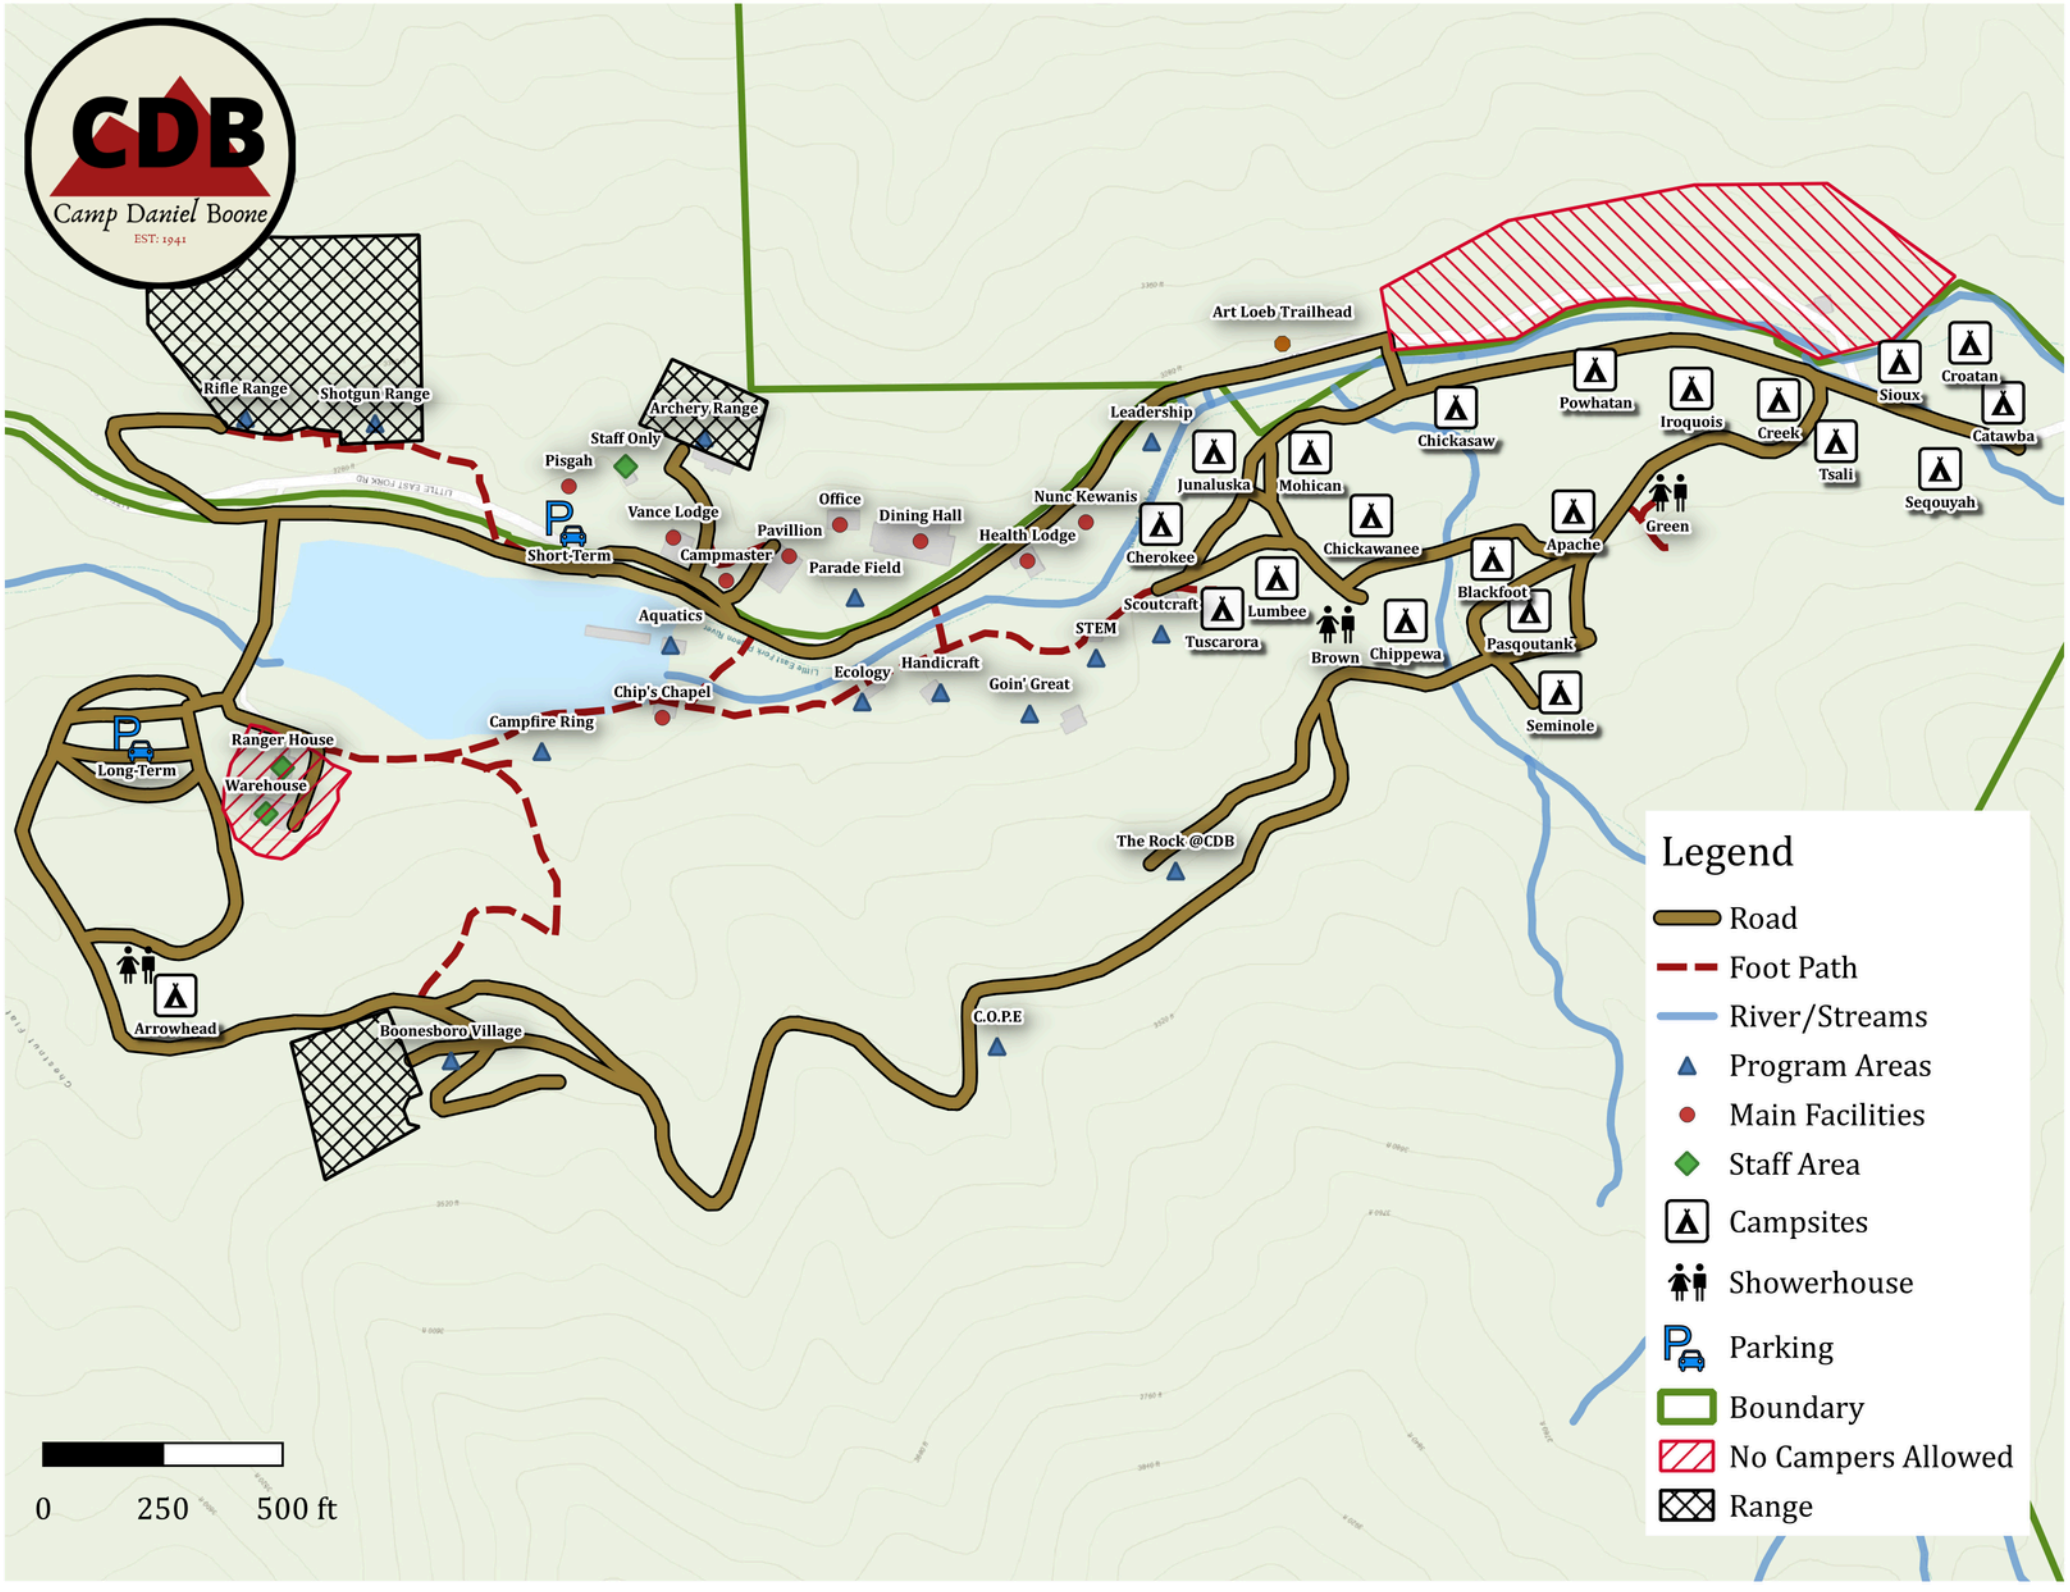

Generally, you can drive on the state road that comes into camp, across the concrete bridge and to the campsites. During summer camp, you will only drive to your campsite on Friday afternoon to begin the loading process for camp check out. **Please DO NOT drive on grassy surfaces.**

22. Where can I park?

Please park in long term parking lot unless you are given a parking pass for a specific reason. Please DO NOT park on any grassy surface, other than in the long term parking lot, as we want the scouts to play there, and it may have septic field lines underneath.

Please avoid parking at the dining hall, because trucks come regularly to deliver food and supplies.
